

Intra-District Choice/Open Enrollment

1. Attendance areas

Students will attend the district school determined by their residence unless a request to enroll in another school or program is approved. No student will be enrolled in a school or program outside the attendance area without prior approval in accordance with these regulations.

The principal of each school will be responsible for checking student enrollment records to determine that each student is a legal resident of that school's attendance area or has an approved authorization for open enrollment or transfer.

Students must register in the school serving their attendance area even though a request is pending for open enrollment or transfer. Registration in the requested school will not be permitted until the student has received written approval for open enrollment or transfer.

2. Open enrollment

Requests for open enrollment must be initiated by the parents/guardians by filing the approved form with the principal of the school which the student wishes to attend (receiving school). The receiving school principal will notify the principal of the school in the student's attendance area of the disposition of the request. Central administration of the school district shall also receive copies of related paperwork.

Forms will be available in every school building and in the central administrative office. The principal will explain to the parents/guardians the procedures used to process open enrollment requests.

The receiving school principal will make the decision as to whether an open enrollment application is accepted or rejected based on criteria established in state law and Board policy. The receiving school principal will be responsible for notifying the parents/guardians and students of approval or disapproval of an open enrollment request no later than August 15th.

3. Grounds for denial of open enrollment

An open enrollment request may be denied at any time if:

- a. There is a lack of space or teaching staff within a particular program or school requested.
- b. The school requested does not offer appropriate programs for the student, is not structured or equipped with the necessary facilities to meet the student's special needs or does not offer a particular program requested.

- c. The student does not meet the established eligibility criteria for participation in a particular program including age requirements, course prerequisites and required levels of performance.
- d. A desegregation plan is in effect for the school district, and such denial is necessary in order to enable compliance with the desegregation plan.
- e. The student has been expelled from any school district during the preceding 12 months.
- f. The student has demonstrated behavior in another school district during the preceding 12 months that is detrimental to the welfare or safety of other students or of school personnel including but not limited to behavior that has resulted in an out-of-school suspension.
- g. The student has graduated from the 12th grade of any school or is in receipt of a document evidencing completion of the equivalent of a secondary curriculum.

Upon enrollment at a school outside the attendance area, the student should plan to remain in that school for a full academic year. Once a student is accepted under the open enrollment plan, reasonable effort will be made to permit the student to complete the highest grade in that building subject to the right of residents of the attendance area to attend the school.

Students who wish to return to their home school or to open enroll in a different school must submit an open enrollment request in accordance with these regulations.

Each principal will maintain a file of all open enrollment requests to that building. A copy will be forwarded to the central office for district-wide data collection purposes.

Those students who apply for open enrollment and cannot be accepted at the time of application will be placed on a waiting list in the order in which the applications are received and will be considered for approval at a later date if space becomes available. The waiting list will be maintained until October 1st of each year, after which a new waiting list will be developed for the next 12 months.

4. **Transfers**

The transfer process is available to allow flexibility in choice of school when the open enrollment deadline has passed and/or circumstances necessitate a change in school just prior to or during a school year. All requests for enrollment at a school outside a student's attendance area will be processed as transfers once the open enrollment deadline has passed.

Requests for transfer must be initiated by the parents/guardians by filing the approved form with the principal of the school which the student wishes to attend (receiving school). The receiving school principal will notify the principal of the school in the student's attendance area of the disposition of the request.

Forms will be available in every school building and in the central administrative office. The principal will explain to the parent/guardian the procedures used to process transfer requests.

The receiving school principal will make the decision as to whether a transfer application is accepted or rejected based on the same criteria established in state and federal law and Board policy as used to consider open enrollment requests. It may be appropriate under some circumstances to conditionally approve a transfer request. The receiving school principal will be responsible for notifying the parents and students of approval or disapproval of a transfer request as soon as possible.

Permission to transfer when granted will be for one academic year or the remainder of the year if the transfer occurs after the beginning of any school year. Renewal of transfers is not automatic.

Students who wish to return to their home school or to transfer to a different school must reapply for a transfer in accordance with these regulations.

Each principal will maintain a file of all transfer requests to or from his/her building. A copy will be forwarded to the central office for district-wide data collection purposes.

5. Criteria to determine availability of space or teaching staff

Open enrollment and transfers within the district will be approved subject to space availability in the school requested contingent upon district class size guidelines and subject to availability as determined by the receiving principal taking enrollment projections into consideration. Students whose open enrollment or transfer requests have been approved will be assigned to classrooms on the basis of available staff and support services as well as the best use of classroom space. Mobile units will not be taken into consideration when determining availability of classroom space.

Requests for enrollment in particular programs will take into consideration the applicant's qualifications for the program.

An open enrollment or transfer granted to one child in a family will not necessarily support the open enrollment or transfer of another child in the family.

6. Continuing enrollment criteria

Any student enrolled pursuant to this policy shall be allowed to remain enrolled in the school or program through the end of the school year unless the student is expelled from the school or program or the district determines that the student's application contained material misstatements or omissions.

Permission for a student to attend a district school may be rescinded at the end of the school year if the school's growth in enrollment due to an increase in students living in the school's boundary results in inadequate space or
