

# GIRLS CAN CODE!

**JAN 17TH - MAY 16TH , 2019**

**THURSDAYS 3:30-5:30PM**

**\$400/semester**

**Grades: 4th-6th**

**Pinhead STEM Lab @ THS**

4th-6th grade girls are invited to join Pinhead for a Codelicious Javascript course. Introduction to Coding with JavaScript teaches problem solving and analytical thinking through coding using JavaScript, HTML and CSS. Students will learn basic programming skills while designing and building websites. With collaborative, interactive coding projects, exercises in computer science foundations, and internet safety topics, this class will give your kids a foundation in essential 21st century skills.

For more information or to register visit [pinheadinstitute.org](http://pinheadinstitute.org) or contact us at [info@pinheadinstitute.org](mailto:info@pinheadinstitute.org). Financial assistance is available.
