

## Continuing Enrollment of Students Who Become Nonresidents

### Resident students who become nonresidents

Students enrolled in Telluride School District (TSD) schools who become nonresidents during or between school years may remain enrolled in or re-enroll in the TSD subject to the following requirements:

1. The student was included in the district's most recent pupil enrollment count and has been enrolled continuously in TSD schools since the count was taken.
2. The parent/guardian has submitted a written request to the principal asking for the student to remain enrolled or to re-enroll in the school.
3. The request has been approved by the principal after a determination that space exists in the school to accommodate the student.

Once the student's request is approved, the student may enroll or re-enroll in the requested school as long as he or she enrolls prior to the pupil enrollment count date. The district shall enter into a written agreement with the student's district of residence. However, this agreement will not contain any requirement that the district of residence or the parent/guardian pay tuition nor shall either district be required to provide transportation.
